

# Monika Bhivarkar

Senior QA Engineer | Pune, Maharashtra, India | +91 8308775936 |  
[monika.bhivarkar1996@gmail.com](mailto:monika.bhivarkar1996@gmail.com) | LinkedIn: [linkedin.com/in/monika-bhivarkar1996](https://www.linkedin.com/in/monika-bhivarkar1996)

## PROFESSIONAL SUMMARY

---

Senior QA Engineer with 3.5+ years of experience in Automation Testing, API Testing, Database Testing, and AI/LLM Platform Validation across EdTech, HR-Tech, Telecommunications, and Creator Economy domains. Skilled in Selenium WebDriver (Java & Python), Robot Framework, API Testing, MongoDB, SQL, CI/CD, and Agile methodologies. Experienced in automation framework development, microservices testing, AI-driven applications, and end-to-end quality assurance, delivering high-quality releases through continuous testing and process improvement.

## KEY SKILLS

---

Automation Testing | Selenium WebDriver | Robot Framework | TestNG | API Testing | API Automation | REST API Testing | Postman | Swagger | Database Testing | SQL | MongoDB | PostgreSQL | Oracle | Functional Testing | Non-Functional Testing | Regression Testing | Smoke Testing | Sanity Testing | Integration Testing | System Testing | UAT | End-to-End Testing | Performance Testing | Microservices Testing | AI/LLM Testing | Recommendation Engine Testing | Prompt Validation | Agile Scrum | SDLC | STLC | Defect Management | Root Cause Analysis | CI/CD Testing | Azure DevOps | Git | GitHub | Linux | Kubernetes (Basic) | Test Planning | Test Case Design | Defect Triage | Release Validation | Quality Assurance | Continuous Testing

## TECHNICAL SKILLS

---

- Languages: Java, Python
- Automation Frameworks: Selenium WebDriver (Java/Python), Robot Framework, TestNG, POM
- API Testing Tools: Postman, Insomnia, Swagger, REST API
- Databases: SQL, PostgreSQL, MongoDB, Oracle
- DevOps & Tools: Azure DevOps, Git, Linux, Kubernetes (Basic), JIRA, VS Code, PyCharm, Eclipse
- Testing Types: Functional, Regression, Smoke, Sanity, Integration, System, UAT, E2E, Performance, Agile Scrum, SDLC, STLC, BDD (Conceptual)

## PROFESSIONAL EXPERIENCE

---

### Skilljourney LLP, Pune

**Senior QA Engineer** | Jun 2025 – Present

**QA Engineer** | Jun 2024 – May 2025

### HyrAI - AI Interview Platform | AI / HR Tech

**October 2025 - Present**

- Led end-to-end QA for AI interview platform using LLMs and Gemini APIs.
- Validated LLM-generated interview questions, candidate scoring algorithms, prompt workflows, Gemini API responses, and recommendation engine outputs across multiple edge-case scenarios.
- Executed 200+ test scenarios covering API, database, functional, regression, and exploratory testing across AI-driven recruitment workflows.
- Conducted root cause analysis, production issue validation, and mentored QA team members.

### Future Bridge - College Recommendation System | EdTech / Data-Driven

**January 2025 - Present**

- Tested rule-based college recommendation systems using CET, NEET, and JEE percentile data against cutoff trends.
- Validated data extraction pipelines, prediction logic, and recommendation accuracy across edge-case scenarios.
- Designed and executed test cases for admission probability workflows, including boundary and negative scenarios.
- Automated regression testing using Robot Framework and supported client UAT sign-off and requirement validation.

Career Journey - Education Platform | EdTech

June 2024 - Present

- Built Robot Framework automation suite covering 100+ regression scenarios using Selenium and Python, improving suite stability from 70% to 90%.
- Designed end-to-end testing for UI, API, and database layers in microservices architecture.
- Developed and executed 150+ manual and automated test cases covering functional, integration, regression, and E2E scenarios.
- Reduced release cycle by 30% through automation-driven regression testing and Azure DevOps CI/CD pipelines.

Oye Creators Brand-Creator Collaboration Platform | Creator Economy

June 2024 - Present

- Executed QA across web, mobile, and backend APIs for a brand-creator collaboration platform.
- Designed test cases covering creator onboarding, campaign management, and collaboration workflows.
- Performed cross-browser, cross-platform, regression, and API testing.
- Validated third-party integrations and internal microservices using Postman.

Test Specialist

February 2022 - June 2023

IBM India Pvt. Ltd., Pune

CADM - Customer Account Data Management (AT&T) / Telecommunications

- Executed manual and API testing for telecom billing and customer account management systems.
- Designed and executed 150+ SIT test cases based on SRS requirements.
- Performed functional, regression, and non-functional testing across middleware and legacy systems.
- Managed defect lifecycle using JIRA and I-Track while performing Linux-based log analysis and backend validation.

KEY ACHIEVEMENTS

- Promoted from QA Engineer to Senior QA Engineer within 12 months based on delivery excellence, ownership, and quality contributions.
- Improved automation suite stability from 70% to 90% by developing and maintaining Robot Framework automation covering 100+ regression scenarios.
- Reduced release validation effort by 30% through automation-driven regression testing and CI/CD integration using Azure DevOps pipelines.
- Designed and executed 300+ test cases across UI, API, Database, and End-to-End workflows, contributing to high-quality releases with minimal production defects.

CERTIFICATIONS

- **Java Developer Associate Certification (JDAC-24)** -Core Java, OOP, Collections Framework, Exception Handling
- **Selenium WebDriver Automation Workshop** -Framework Design, Page Object Model (POM), TestNG Integration

EDUCATION

Bachelor of Engineering (Electronics & Telecommunication)

Sant Gadge Baba Amravati University | 2014–2018

ADDITIONAL EXPERIENCE

Finance Service Consultant

November 2018 - January 2022

ICICI Prudential Life Insurance, Amravati

- Managed client relationships, financial consultations, documentation, compliance, and policy processing
- Strengthened analytical, communication, and problem-solving skills in a client-facing environment
